

Why St Louis Home Care?

We work with you to enhance your health, lifestyle choices and independence to live safely in your own home.

You are at the centre of everything we do together

Your own coordinator works with you to discover your goals, needs and lifestyle choices. Together, we prepare your Care and Support Plan with as little or as much support directed by you, to meet your current and future needs.

Our Quality Assurance to you

- Personalised Support Plan coordination services to enhance lifestyle choices and goals
- Your own coordinator
- Care choices and services directed by you
- Your own Care and Support Team
- Professionally trained staff
- Access to nursing support
- Advice for meeting Home Care Package funding guidelines
- Understand and work with your own home care budget

A little extra help goes a long way.

At St Louis, we understand the importance of living in your own home is where you want to be.

There are two types of home care funding:

Government Funded Home Care Package

Funding is accessed through an assessment with My Aged Care. There are four levels of Home Care Package funding:

- Level 1-2** for lower levels of support
- Level 3-4** for more complex care needs.

If your care needs change, you can apply to have your funding support increased.

For more information:
www.myagedcare.gov.au

St Louis Private Home Care

Can be started immediately. Private Home Care services are paid for by you. This provides a choice when:

- you are not eligible for Government funding
- waiting for your Home Care Package approval or CHSP services
- as additional support for a Home Care Package
- support for residential home respite.

St Louis Home Care welcomes all levels of Government Funded Packages and Private Home Care services.

About St Louis

We are a South Australian, family-owned government approved provider and have been providing quality care and support since 1946.

We've had many families coming back to St Louis Care over the years for support and services which they can trust.

We are proud of our service motto, “**Let our family look after you**” and our values of **respect, dignity, inclusion and choice** underpin everything we do.

We value all feedback, comments and compliments.
