

Younger Onset Dementia Supported Independent Living (SIL)

St Louis on Foster, is a Registered NDIS Provider for Supported Independent Living (SIL) specialising in Younger Onset Dementia.

Our homes are purpose-built and designed to make you feel safe, secure and comfortable from the moment you walk in the door.

At St Louis Homes, “Home is at the heart of everything we do”, and our values of respect, dignity, inclusion, and choice guide every aspect of your support.

“I don’t see the dementia, I just see a person who needs support” - St Louis Homes Support worker.

Why St Louis on Foster for Supported Independent Living (SIL)?

At St Louis Homes, our SIL program supports people with Younger Onset Dementia to maintain independence.

We empower clients to stay involved in daily tasks like cooking, cleaning, and gardening while making their own day-to-day decisions. An initial two-week stay ensures St Louis on Foster meets your goals and needs.

St Louis on Foster is located in Parkside, on a leafy jacaranda lined street close to cafes and parks. With our person-centred support we encourage local community participation and activities in the area.
